

REMARKS

Applicant has rewritten BPAI reversed dependent claims 32, 39, 41, 54, 58, 69, 124, 125, 127, 128, and 129 in independent form, incorporating the requirements of the independent claim from which they depended, and any intervening claim. Applicant has also cancelled all claims affirmed by the Board and those with new Board rejections. Consequently, all the claims remaining in this case were reversed by the Board and no claim which is subject to any rejection remains. Therefore, as per MPEP rule 1214.04 this case is now in condition for immediate allowance. Applicant earnestly solicits such.

Respectfully submitted,
